BARGAINING CONTINUES

Your bargaining committee met with the employer on May 22 and 23 to continue negotiating your collective agreement.

We made several improvements that will advance and clarify our members' rights, and also signed off on additional articles as current, which means those articles were signed off with the existing language that is in the current agreement.

Bargaining will continue next week on May 30 and 31.

Your bargaining committee is committed to keeping you informed throughout the negotiations process. Please feel free to contact your committee members with any questions, comments or feedback you may have.
