

BLUE RIBBON REPORT & BILL 9 WE'RE FIGHTING BACK!

Bill 9 breaks our contracts. And the UCP's new Blue Ribbon Panel Report is a direct attack on our wages and benefits, possibly including pensions, impacting all sectors of our union.

The report calls for cuts and rollbacks for workers like you and raises for managers!

AUPE members are angry and we're fighting back.

All AUPE members in Edmonton are invited to join this information picket during non-work time. The government needs to hear the loud, proud, united voice of working Albertans.
