

Ken Timperley responses
Candidate for Strathcona County Council Ward 5

- 1) This will have to be researched and decided upon. P3 should only be used if the fit is right, if it isn't effective then it shouldn't be used. I believe it should be used in the best interest of the people, not of the government.
- 2) Yes. I believe in everything mentioned in the question.
- 3) I will definitely oppose any plan to cut or change pension plans. And I believe workers should have the right to strike.
- 4) I believe we as Canadians are taxed to death. I would do spending cuts over tax increases any day.
- 5) I believe masks should be worn. It seems it is the last line of protection that we had when we had the vaccine as well as when we didn't have the vaccine. I do not believe in "passports" as I believe this is an infringement on people's rights. And I don't believe it should be mandatory for staff to be vaccinated.
- 6) I don't believe transit fare should be eliminated. It should be a user pay system. But seniors should be granted free transit in my opinion.
