Responses by Vaun Gage
Candidate for Strathcona County Council Ward 6

#1...Yes. The job of government is to govern. The power of many dividing and sharing the cost in order to provide a better way of life for all, is a fundamental concept of a democracy.

#2...There is only one answer, YES!

#3...Yes, let the province govern itself. we can cooperate where there is a mutual need.

#4...We tax citizens to provide services. The burden to keep costs low should NEVER be on the back of the worker.
fair wage, cost of living increase, and pensions are earned and the burden should never fall on the worker.

#5...I support common sense. It is a slippery slope for a passport or mandate treatments for someone else's body.

#6...We must pay for transit, it is a necessary service. However students and seniors should be exempt.
