

AUFA Solidarity Pledge

AUPE Local 69, CUPE Local 3911, and AUFA agree that, in the event of a strike and/or lockout affecting one union, the other unions will encourage their members to refuse to perform work beyond their normally assigned duties, specifically work typically done by striking and/or locked out workers as is their right under s.149(1)(f) of the Labour Relations Code.

A handwritten signature in black ink, appearing to read "G. Smith", is written over a horizontal line.
