

these moves and more information will be provided as it comes available.

It is important to note that all programs impacted by any service relocation/change at Melcor Centre and the train station will be intimately involved in the design and construction of their space.

AHS Capital Management team(s) will be scheduling meetings with department leaders to review specific recommendations. We will then begin rearranging areas to make room for construction and begin design consultations with impacted teams.

We are aware that these changes will affect where patients access care. As we move forward, work through timelines and details, we will ensure the public is aware of any change to access program and service locations.

Below is an idea of the estimated timeline of this initiative.

If you have any questions or concerns, please speak with your manager.

General Phased Approach

	Scope	Programs Impacted by the Project
Short Term (0 - 4 Months)	Rearrange CRH Auxiliary 3K and 4K as required through a phased approach to create required space to accommodate the broader community program service alignments	<ul style="list-style-type: none"> • CRH Community Addiction and Mental Health • E.R. Trauma (Auxiliary Only) • Emergency Disaster Management • Geriatrics • IPC • IQM • Medical Affairs • N.F.L.E.S. • Palliative Care • Quality (Auxiliary Only) • Site Administration • Transition Team • Workplace Health & Safety • CPSM (Auxiliary Only)
Medium Term (3 - 6 Months)	Rearrange current Melcor Centre staff as required to create necessary space for renovations to accommodate new services	<ul style="list-style-type: none"> • Occupants of Melcor Centre Suite 110
Long Term (8 - 18 Months)	Through a phased approach construction to occur at Melcor and the train station to align programs and services.	<ul style="list-style-type: none"> • AHS Occupants of the Lethbridge Provincial Building • Homecare • Occupants of the train station

Lethbridge • Chinook Regional Hospital • Site Administration
